1	To keep young people in the area we need jobs. Also housing for older active people. Most side roads in Lydbury North are single track (especially when cars are parked) and therefore development should be as near to main road as possible. Reponse also included a number of comments on the map about suitability of sites for development	Aug 17, 2012 8:00 AM
2	I don't want anymore houses it will spoil the countryside	Aug 14, 2012 1:34 PM
3	Allow planning on the garage site	Aug 14, 2012 1:32 PM
4	There must be no more urbanisation of the landscape. There must be a stop to it otherwise Shropshire will become like the South East and congested.	Aug 14, 2012 1:25 PM
5	Parish has an excess of larger affordable homes, requires small affordable housing for younger people - locals could then stay in the area. Affordable sheltered housing for local elderly people is also needed. Any vacant brownfield sites should be used for these purposes first. Lydbury North has shop/school and church/pub and no or little public transport and no mains drainage. Flooding in Brockton and Kempton not suitable for more housing, there is also very little local employment. Any affordable housing needs to be built near schools shops etc and should include plans for public transport with everyday routes to Craven Arms/Bishop's Castle.	Aug 14, 2012 12:54 PM
6	Parking needs to be sorted out before any homes are built	Jul 27, 2012 12:09 PM
7	What increase in the jobs market in the area will pay rent/mortgages in the future if development goes ahead	Jul 27, 2012 10:33 AM
8	The water supply at Bishop's Castle is totally incompetent for the present victims, nevermind increasing demands on it by increased housing development over its supply area. Move it away from the sewer farm. Any future development in Lydbury North should have direct access to the main road. Not via inadequate single track side roads already clogged by parked cars - school traffic - Homes with multiple cars but no garages or yard. There is no where on these side roads where a lorry or delivery van can turn round. These lanes haven't altered in 300 years	Jul 27, 2012 10:30 AM
9	I feel there are enough housing development projects in progress especially as the employment opportunities are limited for those already in the area & we have taken over enough rural landscape already	Jul 27, 2012 10:22 AM
10	In favour of the two areas marked LYD001 and LD002 development only	Jul 27, 2012 10:15 AM
11	LYD001 is my preferred site	Jul 27, 2012 10:12 AM

13	Sorry I cannot do more, losing my memory and am very infirm	Jul 27, 2012 10:02 AM
14	Access and exit from and too any development should be of the highest priority for safety sake	Jul 27, 2012 9:59 AM
15	Reference promoted sites LYD001 and 002, this would create unacceptable amounts of traffic in South View	Jul 26, 2012 1:05 PM
16	Focus on providing affordable and sheltered housing to rent	Jul 26, 2012 1:00 PM
17	Development should be on a percentage basis	Jul 26, 2012 12:57 PM

**Page 7, Q17. If you have any other comments, please use this space to detail them:**

18	Generally rents are too high for the local populations salary.	Jul 26, 2012 12:50 PM
19	If this survey is for the whole parish why is there only a map of the village - are there no other sites in the parish? Have the owners of LY001 and LY002 agreed to sell? There is no point in any development without local employment opportunities or suitable public transport to employment centres further afield.	Jul 26, 2012 12:44 PM
20	Any future housing developments should only be for local people. I reside in a self built local/affordable home and I fee there should be more help to local people. It was very difficult for us to complete ours for various reasons.	Jul 26, 2012 12:39 PM
21	More social housing for local people	Jul 24, 2012 3:32 PM
22	Surprised people unemployed from Wales have been given council house in the village thought we had a waiting list for local people. Totally unfair	Jul 24, 2012 3:28 PM
23	Any developments should be done sensitively and appropriately to meet the needs of local people. It should not be done to create housing to meet the needs of other areas to enable them to dump their population "out of area". It must not be done to fulfil the needs of greedy, speculative developers of whatever type and scale. Local landowners must not be allowed to make a fast buck at the expense of others or to the detriment to the amenities of the area.	Jul 24, 2012 3:25 PM
24	It would be good to have homes which are suitable for young families which would also help to keep up school numbers	Jul 24, 2012 3:00 PM
25	The old petrol station should be developed into a mix of affordable housing for rent and smaller 2 and 3 bedroom semi and detached housing. The village needs new younger people to use the school, shop and pub	Jul 24, 2012 2:57 PM
26	1. What is a promoted site? - That's the hatched in area I assume but the entire map is so hatched. 2. What are the black areas? 3. The map is good but the use made of it is poor - maps need to be easily understandable 4. Housing for the needy is "good" but what are the housing needs for L. North Parish? The figures are not defined. 5. Ambitions for the village to grow and prosper are not the same as expressing what a communities housing needs are. 6. If it is all about community growth then this is the wrong questionnaire.	Jul 24, 2012 2:54 PM
27	For the preferred sites (highlighted areas) parking provision needs to be looked into before any housing is thought of - Habershon Close and South View are already a nightmare to navigate with the turning area regularly being used as a bus/lorry park! So the plans for LYD002 would make this so much worse as the hoard of people who were stood looking at it the other week would have seen.	Jul 24, 2012 2:38 PM
28	My son and daughter moved away because there was no available housing	Jul 24, 2012 2:32 PM
29	Infill should be viewed with great caution - too cramped an environment could destroy the whole feel of the village	Jul 24, 2012 2:21 PM
30	We would like to see housing as indicated above. (Site of garage and behind bungalows near community shop indicated on the map) A lot depends on safe access onto mainroad.	Jul 24, 2012 2:01 PM
31	Houses have been built for local people in the village before and are now full of non local people, or have been given to the loud, music playing, dog	Jul 24, 2012 1:50 PM

**Page 7, Q17. If you have any other comments, please use this space to detail them:**

barking, kid screaming folk, which has degraded the village.

32	Two priorities in our view: as above and: The old garage on the main road is unsightly, is not currently 'a dwelling' and has some land around it. It could with appropriate provisions be converted to rented housing, suggest continuation of bungalows for the elderly which are currently west of and have ease of access to the Community Shop. We are not sure but the bungalows appear to be maintained by the Council, so may be council owned. This would provide small housing units for those who are elderly and in need of access to lower rent housing. Also private housing isn't a priority since there is sufficient high end housing of 4 bedrooms already in the village that attract prices beyond most local young person's means. Nor is there a need for any 4 bedroom houses, since these always attract high rents which defeats the object of the exercise.	Jul 24, 2012 1:50 PM
33	I think the proposed sites are totally wrong. They should be where the x I have lised on the maps are. If you put them where you suggest you will disrupt the whole village.	Jul 24, 2012 1:47 PM
34	Some limited development should be allowed in the hamlets in the parish	Jul 24, 2012 1:34 PM
35	In my 33 years as a parish councillor we had a survey in this parish when Haberson Close was sited for development. According to the survey there was a need for some 48 dwellings. There were 8 homes built and the Council had difficulty filling them. We even took people from other parishes to occupy them. I don't see the need to develop Lydbury North further. There is limited employment so we could be encouraging senior citizens.	Jul 23, 2012 2:31 PM
36	Building on greenfield sites should only be permitted if there is a requirement that owners and tenants use at least 90% of their garden for growing vegetables and fruit. Gardens could range in size 150 to 500m2. UK imports 50% of veg and 94% of fruit. Climate change could reduce import sources.	Jul 23, 2012 2:24 PM
37	Do not over develop Lydbury North as it is lovely as it is but people have to live somewhere so some development has to take place	Jul 23, 2012 2:19 PM
38	Fair consideration by planners should be given to conversion of redundant farm buildings	Jul 23, 2012 2:08 PM
39	Three sites specified on map for new housing development	Jul 23, 2012 2:03 PM
40	As I am 94 this does not really concern me. As far as I know none of my immidiate relatives will move to Lydbury North	Jul 23, 2012 1:55 PM
41	As little (development) as possible. Sorry it sounds NIMBY but....	Jul 23, 2012 1:50 PM
42	Attention should be given to preserving the character of the parish and catering for the needs of those already living there. Schools, Doctors etc Not more housing	Jul 23, 2012 1:32 PM
43	Lets get on with it	Jul 23, 2012 1:25 PM
44	Housing should be affordable and aimed at young people; "starter home" type. The demographic of the village is too old.	Jul 23, 2012 1:14 PM
45	Parking around South View/Habershon Close area needs to be improved. Currently no affordable housing available especially for children to remain in the village once they grow up	Jul 23, 2012 1:03 PM

**Page 7, Q17. If you have any other comments, please use this space to detail them:**
